

CA 2E / CA PLEX MIDRANGE 2023

Deep Learning Conference

Hybrid In-Person and Virtual | May 8th-10th, 2023

SPONSORSHIP OPPORTUNITIES

A meeting of technical experts on midrange/distributed platforms. This conference is squarely focused on meeting the needs of technical experts charged with maintaining, automating and modernizing enterprise software systems like RPG, COBOL, CA 2E (Synon), and CA Plex on IBM i/Power and Microsoft.

Look out for Boca Raton (Miami area)

Our next conference is slated for May 8th-10th 2023, and we are excited to connect with the community to help shape our conference sessions. Please visit this site as we post updates.
